Sir:

This is in response to the final Office Action mailed November 8, 2005 in connection with the above-identified patent application in which the Examiner noted that claims 1-24, 35, 52-74 and 80-93 are allowed and that claims 25-34, 36-51 and 75-79 are subject to restriction and/or election requirement.

Applicant traverses the restriction and/or election requirement for claims 25-34, 36-51 and 75-79 and reserves the right to seek further prosecution of those claims by filing a divisional application based on these claims.
